Re: Exploration Plan, Soldier Creek Coal Company  
ACT/007/018

Dear Ms. Linner:

The purpose of this letter is to keep you informed on  
exploration activities at the mine.

A per your conversation with Dave Spillman on June 12, we are  
drilling another hole (DH-29) to try and define the thickness of  
the coal seam at a proposed shaft site. This drill site is  
located on our approved exploration cut. Refer to drawing  
B-144. All activities will be limited to this approval  
exploration cut. Upon completion, the hole will be cemented as  
per BLM specifications.

If you have any questions, please call me.

Sincerely,

SOLDIER CREEK COAL COMPANY

*Tom Paluso*
